---

NASS released county yields for 2010 today (February 28). Based on these yields, I calculated the insurance payments for Group Risk Income Plan with the Harvest Revenue option (GRIP-HR) for Illinois counties. These are unofficial as RMA will calculate actual payments. Payments were calculated for a 90% coverage level and a 100% protection level. These levels will result in the highest payments. Below is the payments per acre:

Adams 207  
Brown 179  
Cass 112  
Christian 90  
De Witt 16  
Ford 100  
Fulton 125  
Hancock 334  
Henderson 145  
Henry 6  
Iroquois 103  
Jackson 57  
Kankakee 4  
Knox 22  
Logan 81  
McDonough 213  
Mason 88  
Menard 148  
Mercer 198  
Morgan 157  
Peoria 28 P  
Pike 75  
Putnam 36  
Sangamon 104

Union 169  
Warren 131

GRIP without the harvest revenue option would not make payments in any Illinois county.
